

VERYLUBE

# 10W-40 SG/CF-4

High-quality multigrade mineral motor oil.

**60 L**

Art. XB 20670

**200 L**

Art. XB 20770

Packaging: 60 and 200 L – barrel.

## Advantages

- Provides reliable lubrication and protection of engines of passenger cars and trucks by regular and loaded modes of operation.
- Universal application for diesel and gasoline engines, including multi-valve, those with turbocharger, catalyst converter.
- Possesses the broadest temperature range of application among mineral oils, enables easy cold start under temperatures lower than  $-25^{\circ}\text{C}$ .
- Reliably protects all engine parts from wear, rust and corrosion.
- Possesses excellent detergent-dispersant properties, keeps the engine clean.
- Effective when using fuel with high sulfur content (S=0.2...0.5%).
- Resistant against oxidation and aging, keeps stable viscosity properties during the run of up to 15,000 km.

## Requirements and specifications

Meets the requirements of the following specifications:

**SAE 10W-40**

**MIL-L-46152 EC**

**API SG/CF-4**

**MIL-L-2104 D**

**CCMC G4/D4/PD-2**

Meets the requirements of manufacturers:

**GM 6085-M**

**Ford M2C-153C**
