

VERYLUBE

10W-40 SL/CF

Semi synthetic motor oil. Manufactured with use of base oils according to the hydrocracking synthesis technology.

Advantages

- Designed with due consideration of operating peculiarities of modern passenger cars distinguished by high power-to-weight ratio and low volumes of motor oil.
- Multigrade application in passenger cars and light trucks.
- Effective by dynamic driving modes (frequent acceleration and deceleration when driving in town).
- Universal application in gasoline, diesel and LPG engines.
- Effective for modern engines: multi-valve, turbocharged (including those with exhaust gas recirculation system), with direct fuel injection etc.

1 L

Art. XB 20168

4 L

Art. XB 20268

60 L

Art. XB 20653

200 L

Art. XB 20753

Packaging: 1 and 4 L — can; 60 and 200 L — barrel.

Requirements and specifications

Meets the requirements of the following specifications:

SAE 10W-40

ACEA A3/B4(10)

API SL/CF

Meets the requirements of manufacturers:

VW 500 00/505 00

BMW Special Oil

MB 229.1
